PUMP IT UP

Victoria Beckham, synonymous with trend-setting footwear and more than often than not gravity-defying shoes, reportedly joked that her choice to come down to earth with pumps would have an effect on sales of flat options – and she was right! In fact, the two days after she was pictured wearing flat shoes saw the sale of ballet pumps at Debenhams increase by 187 per cent. We know you're not necessarily going to buy something because Posh Spice is wearing it, but would you take it from us that these black tweed pumps from **Red Herring** (€18.50) are utterly gorgeous?

Bag IT UP!

We do love a good website in **Woman's Way HQ**, so when we came across www.hamptonblue.co.uk, we knew it was love. And not just fly-by-night love, proper, enduring love, especially when we clapped eyes on the Nadia Minkoff beautiful silk brooch purses with jewelled clasp fastening (approximately €32). It's a great site for finding birthday present treats for your loved ones and we urge you to log on as soon as possible for a nosey (and dare we say, a purchase!).

We ♥ love...

...THIS RATHER GORGEOUS GÚNA FROM **MARKS & SPENCER** (€67). WE DON'T THINK WE NEED TO SAY ANYTHING ABOUT IT, JUST THAT IT'S HEAVENLY!

LOONY FOR LOULOU

We love a good bag in **WWHQ**, who doesn't, and it's fair to say that we'd invest in a good sturdy **PRACTICAL** bag as it'll last us, oh, ages. So when we spotted Louloubelle's new range of malas, we were über impressed. Our particular favourite has to be the azure clutches (€290 each). Yes, they're not cheap as chips but aren't they amazing?
